

Apollo Program

1963-1972 A.D. A NASA space program whose goal was "landing a man on the moon and returning him safely to Earth." Six of the eleven missions did just that, with Apollo 11 the first to land on the moon. On July 20, 1969, Neil Armstrong stepped on the surface, stating, "That's one small step for man, one giant leap for mankind."
